

# CUSTOM HAND-EMBROIDERED PILLOWS

Our hand-embroidered pillows pair centuries-old chain stitch techniques with contemporary design. Each pillow is meticulously embroidered by hand using the finest 3-ply New Zealand wool. The wool is hand dyed, which adds depth and nuance to the color. Some styles incorporate rayon yarns used to heighten the motifs and impart lustrous highlights throughout.

Hand-embroidered fine rayon yarn is used to create a more refined and luxurious feel. The embroidery is immaculately done in tightly controlled stitches using 3-ply rayon thread. These pillows are backed in linen with a concealed zipper.

All of our pillows may be custom in color, size, shape, and design made using this technique.
